First degree black  
belt in taekwondo

CPR  
certification

Mathmatican  
of the month  
award 4x

State cheer  
comp 2x

## LANGUAGE

English

korean

## ABOUT ME

Hello, I'm Natalie Chambers, a dedicated freshman at Washington State University pursuing a degree in Computer Science. Known for my unwavering work ethic and determination, I approach every task with a commitment to see it through to completion. My overarching life goal is to continuously challenge myself, striving to achieve personal excellence and make myself proud in all that I undertake."

## WORK EXPERIENCE

○ Field trip mentor  
2021-2022

I had the fantastic opportunity to serve as a mentor during a fifth-grade field trip where I was responsible for a group of 20 enthusiastic kids all by myself. It was a rewarding experience as I not only ensured their safety throughout the trip but also had the chance to teach them about the importance of teamwork. Guiding these young minds through various activities and challenges helped them develop a deeper understanding of how working together can lead to success. It was incredibly fulfilling to witness their growth and enthusiasm as they embraced the concept of teamwork, and I cherished every moment of the experience.

○ Taekwondo Instructor  
2016-2019

For three rewarding years, I served as a Taekwondo instructor, specializing in working with kids. I had the privilege of introducing young minds to this martial art, where I not only got them warmed up physically but also ignited their passion for learning the basics of Taekwondo. What made this experience even more special for me was the fact that I had started my own Taekwondo journey at a young age, ultimately earning my black belt by the time I was just 13 years old. Sharing my expertise and guiding the next generation of martial artists was not only a responsibility but also a heartfelt joy. It was deeply fulfilling to see these kids grow in skill and confidence, knowing that I played a part in their martial arts journey
